01 CAREER DEVELOPMENT MENTORSHIP

01.1 Introduction

Building genuine connections turns opportunities into jobs

"Networking will get you further than your grade."

Career Development Mentorship

Supports individuals in making informed career decisions through personalized guidance and long-term planning

Key areas:

-Self-assessment: strengths, skills, interests, values
-Career exploration: roles, industries, opportunities
-Goal setting: action plan for professional growth
-Decision-making challenges: navigate transitions and overcome obstacles

Who is it for?

-Talents
-Career changers
-Professionals in transition

01.2 Opportunities

Opportunity 1
Talent competitions with Industry

Fashion brands and production companies collaborate with fashion design graduates on collection development

Who is it for?

-Final-year fashion students

How it works:

Students apply to receive support for their graduation collection, final project, or fashion show

Opportunity 2
Industry Relation and Brand Development

Connects emerging designers with production companies to develop products and collections

Who is it for?

-Designers and fashion school alumni

How it works:

Applicants receive support throughout the product and collection development process
