OPERATING MODEL AND RISK MANAGEMENT

- Confidentiality Management
- Safety and Insurance
- Confidentiality Risk
- Production Disruption Risk

01 Confidentiality Management

Confidentiality is essential because many Italian production companies work with luxury brands, private labels, and exclusive clients.

SB _ TALENT EMPOWERMENT supports the creation of :

-Non-disclosure agreements where required
-No-photo zones
-Restricted production areas
-Approved scripts
-Client-name protection rules
-Visitor conduct guidelines
-Staff briefing documents
-Pre-visit approval process
-Post-visit communication rules

The goal is to protect the company while still creating a meaningful educational experience.

02 Safety and Insurance

SB _ TALENT EMPOWERMENT provides guidance for all visit-related safety procedures.

This includes:

-Visitor insurance
-Liability waivers
-Group size limits
-Emergency contacts
-Factory safety briefing
-Protective equipment when required
-Accessibility review
-Clear visitor routes
-Production-area restrictions
-Coordination with company management

03 Confidentiality Risk

Production companies may be concerned about exposing clients, designs, or production methods.

Solution:

-NDAs
-No-photo areas
-Approved visitor routes
-Restricted zones
-Staff briefing
-Pre-approved scripts

04 Production Disruption Risk

Visitors may interrupt normal factory operations.

Solution:

-Limited group sizes
-Scheduled visits during appropriate times
-Clear routes
-Advance preparation
-Dedicated hosting staff
